3. 12.8.2008 Heard.

The allegation against the petitioner is that he dealt a chhura blow to the informant's son on the Iliac fossa as a result of which the omentum was cut. The report issued by the Bose Clinic, Dehri-on-Sone, Annexure 3, indicates the seriousness of the injury as there were multiple cuts in the hemoperitoneum and mid portion of the bowel at several places varying from 1 C.M. to ¼ C.M. and the wound was repaired by laprotomy on putting suture in two layers and the abdomen was closed by interrupted intrapertoneum drain.
